"O GRILLO VERDE"

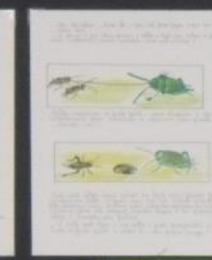

Antônio Mota

No quintal onde havia muitos grilos pretos apareceu um grilo verde que em vez de cricrilar assobiava. Perante grilo tão estranho, os outros reuniram-se e foram ter com ele para lhe perguntar por que razão ele era diferente. O grilo verde respondeu-lhes que nascera assim e que não havia mal nenhum por ele ser assim e

não igual aos outros. Mas os grilos pretos não desistiram, porque achavam que o grilo verde lhes manchava a reputação e rodearam-no para o apanhar e prender numa toca bem funda onde não lhe faltaria comida.

O dono do quintal que estava a fazer a sesta, acordou com a gritaria dos grilos, muito zangado, dirigiu-se ao sítio onde eles estavam para os escorçar, cheios de medo, os grilos fugiram mas o grilo verde escondeu-se numa couve bem verdinha. Enquanto o tio Manuel Liró tentava encontrá-los, o grilo verde começou a assobiar uma modinha(música). O tio Manuel Liró gostou tanto de ouvir que pediu para se mostrar e quando viu o grilo verde na couve, tentou agarrá-lo para o mostrar aos amigos. Só que nasceram umas belas asas ao grilo e ele voou pelo ar e nunca mais foi visto.

Summary of the book "Green Cricket"

In the backyard where there were many black crickets appeared a green cricket whistling instead of chirping. Looking at this strange cricket, the others met and asked him why he was different. The green cricket replied that he was born that way and there was no problem to be different. But the black crickets didn't give up. They thought the green cricket stained their reputation and surrounded him to catch him. Then they closed him in a deep hole with enough food.

The owner of the yard, that was taking a nap, woke up with a scream of crickets. Furious, he went to the place where they were and sent them away. The black crickets ran away very afraid but the

green cricket hid under a very green cabbage. While Uncle Manuel tried to find the crickets, the green cricket began to whistle a popular song (music). Uncle Manuel tried to listen to the song so much that asked him to appear. Suddenly, he saw the green cricket on the green cabbage and tried to hold him to show his friends. At that moment beautiful wings were born and the green crickets flew through the air and disappeared forever.
